ACHES! PAINS!

"I ache all over!" What a common ex-
pression; and how much it means to many
a poor sufferer! These aches have a
cause, and more frequently than is gener-
ally suspected, the cause is the Liver or
Kidneys. No disease is more painful or
serious than these, and no remedy is so
prompt and effective as

MISHLER'S MILK BITTERS

No remedy has yet been discov-
ered that is so effective in all KIDNEY
LIVER COMPLAINTS, MALARIA, DYSPEPSIA,
BILIA, etc., and yet it is simple and harm-
less. Science and medical skill have
combined with wonderful success those
herbs which nature has provided for the
cure of disease. It strengthens and in-
corporates the whole system.

Hon. Thaddeus Stevens, the distinguished Con-
gressman, once wrote to a fellow member who was
suffering from indigestion and kidney disease:
"Try Mischler's Bitters. I believe it will cure
you. I have used it for both indigestion and af-
fection of the kidneys, and it is the most wonderful
combination of medicinal herbs I ever saw."
MISHLER'S BITTERS CO.,
535 Commerce St., Philadelphia.

Parker's Pleasant Worm Syrup Never Fails.

How Watch Cases are Made.

In buying a silver watch case great care
should be taken to secure one that is solid
silver throughout. The cap of most cheap
silver cases is made of a composition known
as albatra, which is a very poor substitute
for silver, as it turns black in a short time.
The backs of such cases are made much
thinner than those of an all silver case,
being robbed in order to make the cap
thicker and get in as much as possible of
the cheap metal. Another important point
in silver case is the joints or hinges, which
should be made of gold. Those of most
cheap cases are made of silver, which is
not a suitable metal for that purpose. In
a brief period it warps, bends and spreads
apart, allowing the backs to become loose
upon the case and admitting the dust and
dirt that accumulate in the pocket. The
Keystone Silver Watch Cases are only made
with silver caps and gold joints.

St. Louis, Mo., Feb. 17, 1885.
In our long and varied experience in handling watches,
we cannot but acknowledge and give our testimony that
the Keystone Solid Silver Watch Cases are the best
made to our knowledge. Having no soldering they re-
main homogeneous, harder and stiffer than they would
be were they heated for soldering, and have more
resisting power against pressure than any other cases
in the market. We have sold many of these cases to
head 2 cent stamp to Keystone Watch Case Factory, Phila-
delphia, Pa., for handsome Illustrated Pamphlet showing how
James Ross' and Keystone Watch Cases are made.

THE HORNS

Grocery House OF C. DENNEY

At their well known and popular
stand on the East side of the
square, are leading the

BOUND TO HAVE FARMS.

Hundreds of Men Pre-empting the
Lands in Kansas Declared Va-
cant by Judge Brewer—No
Property Sacred.

Toronto, Kan., Sept. 16.—The
decision of Judge Brewer of the
United States circuit court in the suit
of the United States vs. the Southern
Kansas Railway company, declaring
that 27,000 acres of land heretofore
held by that company to be wrong-
fully held and now a part of the
public domain, has created the wild-
est land excitement ever known in
this part of the state. As soon as
the decision was made known in
southern Kansas, men in wagons
and buggies and on horseback came
in great numbers from Chanute,
from Wilson and other counties to
this county (Woodson), and also
Greenwood county and commenced
staking off claims, saying that Judge
Brewer's decision declared all lands
heretofore held by the Missouri
Kansas and Texas railway to be
government land. They are build-
ing shanties on many quarters and
breaking sod so as to perfect their
claim. They have even stuck their
stakes and broke ground on lands
which were sold by college scrip
and the patents for which were on
record before either the Santa Fe or
Missouri, Kansas and Texas rail-
roads were organized.

Rush Hill, Mo., July 21st, 1885.—After
suffering with the toothache and neural-
gia for three successive days I was ad-
vised to try Merrell's Penetrating Oil and
after using one application I got im-
mediate relief. I would not be without it.
Respectfully, Mrs. Belle Bick.

How Senator Plumb Caught the Small-Pox.

Coming into Washington, about
the first man I chanced to meet was
Senator Plumb, of Kansas. The
senator's face was pitted from the
effect of small-pox, though not to
the extent of disfigurement. I will
tell you how he came by these marks,
and in doing so I will tell you a tale
of rare heroism as it was told me by
an old Kansas man who was person-
ally cognizant of the facts.

Many years ago when Plumb had
just come to Kansas from Ohio and
settled at Emporia, he was poor and
struggling for a living, as were most
of the pioneers about him. One day
he drove to Lawrence with a load
of produce. On his way he stopped
at a little town to feed his team, and
while there heard that some Ohio
people had been there looking for a
place to locate, leaving one of their
number behind who had been strick-
en down with small-pox. Some of
the people had carried the sick man
out of town to a shed, and left him
there alone.

Plumb sent his load of produce
on, and went to work to find some
one to take care of the man if it was
found that he was still alive. He
found at last a man and his wife liv-
ing some distance from there who
had had the disease, and agreed to
take the invalid for good pay. Plumb
then could get no team with which
to transfer the sick man, and finally,
in desperation, seized one that was
hitched in front of a store. He got
away a short distance when he was
overtaken and the team taken away.
Fipally, after persistent effort and
pleading, and bitter denunciation of
the people, he obtained a team and
drove to the shed and took the poor
plague-stricken creature, dying alone
of his disgusting disease, in his arms
and drove with him to the home se-
lected. He left all the money he
had, and promised more when he
could get it—for the care of the man
if he lived, and his burial if he died.

Then he went on down to Emporia
and had the small-pox himself, and
came very near giving his life
as the sacrifice for that of the poor
stranger whose life he saved. That
is the story of how Senator Plumb's
face came to be pock-marked.—Cin-
cinnati Commercial Gazette.

Headful Vigor for the Girls.

Mr. Livermore says in one of her lec-
tures on Girls I would give to girls equal
industrial training with boys. Yes; and
equal good health too. When your girls
are suffering from paleness, it is a sign
their blood is poor and that they need
Brown's Iron Bitters. The only parpa-
erion of iron that has been taken safely
Barton Chestnut at Louisville, Ky. says
Brown's Iron Bitters cured me of rheuma-
tism when everything else had failed.

THE CHINESE MUST GO.

The Knights of Labor Take up the
Cause of the Wyoming Miners—
Mongolians Leaving and
afraid to Work.

Rawlins, Wyo., Sept. 16.—The
Knights of Labor have taken up the
cudgel against the Chinese and their
ultimate expulsion from the territory
is probable. Mr. Neesham, repre-
senting the Union Pacific division of
the Knights of Labor, arrived here
yesterday and was met by Mr. Brom-
ley, representing President Adams
of the Union Pacific company. Both
spent the day in looking into the
cause of the anti-Chinese demonstra-
tion. It was shown that the Chinese
were brought back against their
wishes.

Mr. Neesham, left for Denver last
night. His last words were: "The
information I have received astounds
me. The situation is desperate and
calls for heroic measures."

It is feared that there will be
trouble unless the Union Pacific re-
cedes from its position and sends the
Chinese out of the country. It is
likely, however, that this matter will
settle itself in a few days without the
interference from any one. The
Chinese here are becoming demor-
alized. Thirty boarded yesterday's
west bound express and a like num-
ber set out for the west on foot, with
their baggage on their backs. White
miners were told they could go back
to work this morning and will likely
do so if no attempt be made to work
the Chinese with them. So far the
Chinese have been afraid to go down
into the mines and have consequen-
tly been idle since the riot.

Walker.

Shot by the Guards.

Louisville, Ky., Sept. 15.—A des-
perate shooting took place at Ow-
ingsville, Ky., which resulted in the
death of Mose and James Ballard,
brothers of Jack Ballard, who had
just been sentenced to twenty years'
imprisonment for killing William
Spencer last spring. The jury had
just brought in a verdict and the pris-
oner was being returned to the jail
when Mose and James opened fire
upon the guard, who returned the
fire, killing both men instantly.
Jack Ballard escaped during the
fight, but was recaptured. Excite-
ment prevails and further violence
may occur. The guard escaped un-
hurt.

Notice to Contractors.

Pursuant to an order made by the coun-
ty court of Bates county Mo., at the July
1885 term thereof, I will on

Monday, August 3rd, 1885,
At 1 o'clock p. m. at the east front door
of the court house, in Butler, Mo., let
the following contracts to the lowest
bidder:

One bridge complete over Deepwater
creek on the Butler and Montrose road,
near the Beatty farm: superstructure and
substructure to be of burr oak.

One bridge complete over the north
prong of Double Branches, between But-
ler and Lone Oak, and another bridge
complete over the other prong of Double
Branches, south of Lone Oak; both super-
structures and substructures to be of
burr oak.

All bids subject to the approval of the
court. Plans and specifications can be
seen at my office. M. I. WOLFE,
Bridge Com. Bates Co., Mo.
